MEMORANDUM FOR: Colonel White

SUBJECT : Estimate of Senior Officials Eligible  
for Clandestine Services Type Training  
Within DD/S Organization

1. Because it is of moment in connection with the present question of CS type training in the DD/S organization, I have collected estimates from each of your Offices and Staffs, less the Office of Training, regarding the number of individuals within the area of eligibility for such training.

2. In the memorandum announcing the program, we took the basic premise that it should include "senior officials down to the level of division chief or its equivalent," and not including deputy division chiefs, at least initially. I have also assumed that you wished this concept to embrace members of your Staff serving with the Special Support Assistant. Results are:

Document No. <u>27</u>	Office of Security	14
No Change in Class. <input type="checkbox"/>	Office of Personnel	12
<input type="checkbox"/> Declassified	*Office of Communications	16
Class. Changed to: <u>SECRET</u>	Medical Staff	6
Next Review Date: <u>1985</u>	Management Staff	3
Auth.: HR 70-3	PAPS	2
Date: <u>3 Jan 79</u>	Office of Logistics	10
	Auditor	2
	Office of General Counsel	5
	Comptroller	12
	**Office of the DD/S	7
	Total	89

3. While I realize that this appears to be a large number, it is my understanding that you have wanted this to be a continuing requirement, with 5 or 10 people attending each offering of the course. The Registrar, Office of Training, tells me that she estimates that the CSR course will be given a total of 9 or 10 times in 1955. Using say 9 times a year as an average, with 5 persons per course, it would not take too long before we could assure a pretty wide membership of "CSR alumni" in DD/S.
